Supt. Featherstone

"Superintendent of schools of Appomattox county prints in the Lynchburg News a brief financial report of the school funds of this county, and in one item more than $28,000.00 of the fund is disbursed for incidental expenses. The editor of this paper calls for itemized report to be printed in this paper free of cost to the fund. The taxpayers of this county should know how the fund is disbursed."

This polite invitation to publish the financial report of our superintendent of schools in the county paper made in our issue of January 17th, drawn the fire, and he issues a circular under date of February 8th, telling the people that he had it published in Lynchburg News because it was cheaper to the fund. It is true that the News charged only $1.80 for the report, while we would have charged at the fixed rate of Virginia Press Association for legal advertising the sum of $2.25 for this identical report. The difference is too small to mention and rather than see it go away from home we would probably have met the price of $1.80. It is punk to believe that it was published in a foreign paper to save 45 cents.

The abbreviated report did not disclose the sources from which the funds were derived and since the superintendent reminds us of our ignorance of the law it might be well for him to get someone to explain the law to him so that he will not violate same again in abbreviating and construing its provisions to meet his own views and conditions.

Sec. 750, Va. Code, reads—the several school boards in Virginia are required to cause to be made out immediately after the annual settlement with the county treasurer a statement showing the receipts and disbursements of the school funds in each district for the year then ending, which said statement shall be published in some newspaper, if one is published in the county, and also be printed as a handbill and posted at the front door of the County Courthouse, and at the voting places of the clerk of each school district.

Was the statement published immediately? No it was published more than six months after the annual settling time. Was the law violated? Yes.

Was the law violated in publishing statement and posting hand bills? Yes.

Was the law violated in abbreviating the statement so that same did not disclose the source of funds and a more detailed disbursement? Yes.

The following is a statement of the funds received; if such this is the report published in this paper and you will have the financial report of the school funds of Appomattox county.

School receipts for year ending June 30th, 1923:

State funds	$35674.02
County and District levy and balance	28497.25
Private subscription and tuition	3569.43
Dog tax	1680.56
Sale of school property	1082.59
From Literary fund	540.00
Overdrawn on county Treasurer	4115.47
Total	$74,919.32

Does the law authorize the borrowing of $4,115.47 by the superintendent or school board? Now, Mr. Superintendent we plead ignorance of this statute and would like to know where you will get the money from to repay this loan or overdraft.

Again your board had $10,298.05 from private subscription, tuition, dog tax, sale of school property and loan. Is there any assurance from any source that you will be able to get such a sum for term ending June 30th, 24? Under the law you can't borrow until you pay what you owe.

What kind of a deal was made for the loan—security and costs attending it? Was it a temporary loan and for what district? We admit the law allows the board to make temporary loans under certain conditions. May we enquire how much mortgage is on the school property of Appomattox county and in what district.

We desire that all public servants shall live within the law, and that's all we ask of this toadstool. The information wrung from him is of value to those who have an interest in the schools of the county and who pay the tax to run them and the disclosure of a loan or overdraft will be some news which was not disclosed in his statement.

No violations should be tolerated and the faithful public servant will not smart under the searchlight of reason and truth.

If there be any law which allows the school authorities to mortgage the people's public property without their consent it should be repealed at once. The people have very recently said pay as you go in the matter of roads, why not schools?

Now, we take it that the people will want a sinking fund to retire this overdraft or loan and it looks like either a curtailment of school funds or an increase of taxes. We are not kindly disposed to either. Rigid economy in expenditures might take care of it in a number of years.

Carter Glass for President sounds good to us. A tribune of the people, a record the party need have no fears.

The oil investigation drags as Congress resolutes and the parties spar for vantage.

With two more weeks of ground hog weather and the Legislature, after which a sigh of relief.

The Pilots—the Tammany Hall organization of Norfolk will now be under the control of State Corporation Commission. This will not necessarily deprive it of its political power.

The oil ointment for politicians heals not the sins of commission.

There is a movement on hand to organize a troop of Boy Scouts in Appomattox. All boys 12 years of age and above are eligible for membership. This is one of our greatest organizations for boys and should receive the support of every citizen of the town and community. It is to be hoped a large number of boys will want to take advantage of this training and will be present at the first meeting, which will be announced later.

The Co-Ops

Virginia members of the association in the dark fired belch of Virginia will receive a third payment on the crop of 1922 as soon as sufficient sales of the association dark tobaccos have been made to warrant another disbursement according to T. D. Williams, Manager of the association's Dark Leaf Department.

The Supreme Court of North Carolina settled a difficult point of law in the case of the Tobacco Growers Cooperative Association vs. S. S. Bissett when it decided last week that landlord members of the association are not liable under their contracts liquidated damages of five cents a pound for their non-member tenants outside. The association had long since stopped the collection of liquidated damages on non-member tenants tobacco and returned all such damages previously collected following decisions in the lower courts which were upheld last week in the Supreme Court.

Last weeks case in which the Supreme Court defined the right of non-member tenants is one of several cases involving rights of the cooperative association which are being heard this week at Raleigh.

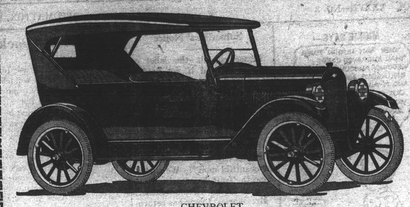
Health Insurance for the Whole Family



CHEVROLET

Without counting the daily utility of a Chevrolet for going back and forth to work, shopping or taking the children to school, etc., its value in saving doctor's bills, broadening your mental horizon and keeping the whole family physically fit, amounts to more than the cost of the car and its upkeep. It is more of an essential to the modern family than anything else but a home. Chevrolet meets the requirements of the modern family because it is economical to buy and maintain, because of its excellent appearance and riding comfort, because it can be depended upon, and because it is so easy to drive that any member of the family can use it.

AKERS AND BYRNE.

Abraham Lewis

This young man, in the prime of his young manhood died suddenly at his home here Friday. He had been suffering from whooping cough, but it is thought the immediate cause of his death was appendicitis. He is survived by his father Rev. G. W. Lewis and mother and eight brothers and sisters. The father of the deceased conducted the funeral from his residence and the interment was made at Liberty cemetery. The services were pathetic and unusual—the father and mother singing as the son's remains were being interred. With petitions and exhortations—with faces bathed in tears they urged the friends of the family to worship the God of Abraham.

R. F. Burke Funeral.

Sunday Liberty church was crowded by the Masons and friends of the family of the deceased. Quite a number of old friends from other places were in attendance. Among them ex-governor Mann, Joe Button, Hons. S. L. Ferguson, J. R. Horsley, and Col. J. W. Flood, the latter four coming up from Richmond. The floral offerings were profuse and beautiful. Rev. East conducted the service at the church. Interment was made at Liberty cemetery. May his repose be peaceful and his awakening joyful.

Mrs. Martha Wilkerson.

While warming herself before the fire place at her home on Appomattox river last Thursday her skirt took fire and she was so badly burned that death ensued in less than 24 hours. The deceased was in the 70th year of her age, and had lived with her brother George D. Wilkerson all her life. Her remains were interred at her late home Saturday. She is survived by two brothers and two sisters—George D. Wilkerson, and Mrs. Susie Webb, of Appomattox, and Samuel Wilkerson, and Mrs. John Bagby, of Charlotte County.

Odell Phelps

Odells Phelps age 8 years, daughter of Mr. and Mrs. S. B. Phelps died at her home near Oakville, Sunday, February 24th, after a short illness. She leaves to mourn her a father and mother, two aged grandmothers, five sisters and a little brother. She was the life and idol of the home the joy of her teachers and school mates. None knew her but to love her, none named her but to praise.

"Your place is empty here,
For God so willed,
But there is in Heaven,
Your place is filled.
God give us strength.
Our faith and hope renew,
For you will not return to us,
But we shall go to you." X.

Odessa Shearer

Miss Evelyn Odessa Shearer daughter of Mr. and Mrs. W. A. Shearer, of Madison Heights, Va., died at the Lynchburg Hospital, Thursday. Miss Shearer was 18 years of age; born in Amherst County. She attended the Appomattox High School. Funeral services were conducted by Rev. James L. Finch and Rev. R. W. Burnett at the home of her brother, W. O. Shearer.

Appox. Methodists.

The Appomattox Circuit of the Methodist Church, Rev. J. B. Lavender, pastor, has accepted $1500.00 and Rev. A. L. Stevenson $1300,00 for Memorial church as minimum quotas to raise within five years for the cause of Superannuate Endowment of that denomination. The goal for the entire church of this movement is $10,000,000, the income from which is to be used for the support of the aged and infirm ministers and widows and orphans of ministers.

The campaign for the fund is being directed by the Board of Finance of the Southern Methodist church, St. Louis, Mo., Bishop W. F. McMurry, chairman and Dr. Luther E. Todd, secretary. The latter has issued and sent to all pastors a booklet "The Call of the Forgotten Man", which tells the pathetic story of the great need, asks the church to remember him with substantial giving and outlines plans for raising the sum sought.

According to reports received by the board, over 2,000 pastoral charges have up to this time accepted minimum quotas asked of them and many of them have voluntarily increased the amounts. Several large individual gifts have already been announced and others are expected.

There are over 900 of the old preachers, many of them pioneer circuit riders who rode through storm and sunshine, winter and summer, day and night, to serve humanity and the church, 1,300 widows and 600 orphans, many of whom are living in little better than poverty. They never forgot duty and the church for a single moment, and there is now evidence on all sides that the church is at last thoroughly awake to its forgotten servants.

BIRD'S BOARD

New Walls, Quickly!

Many thrifty house owners have finished the walls of their cottages and bungalows quickly, economically and durably with Bird's Neponset Board. It may also be used to —

1. Divide large rooms.
2. Refinish old walls.
3. Cover broken ceilings.
4. Cover walls of basements and garages.
5. Make backgrounds for store show windows.

Bird's Neponset Board has a cream-white finish that does not need painting, although you may paint it any color you wish.

Neponset Board is made by Bird & Son, Inc. (Est. 1795), manufacturers of Neponset Twin Shingles, Bird's Shingle Design Roll Roofing, Paroid Roofing and Neponset Insulating Paper. There's a Bird product for every building.

We are headquarters for Bird's wall board, roofings and building papers.

1923 The Old Year, 1924 The New Year

During 1923 it was our pleasure and privilege to serve our depositors on a larger scale and in more ways than ever before. Our steady, consistent growth has been very gratifying to us, because it meant that our friends and customers were growing with us—that our success and prosperity was shared in by many. Our part in contributing to the healthy financial life of Appomattox and vicinity has been a source for eminent satisfaction to us.

The new year opens with bright promise of still greater things to be accomplished. We are not content that the achievement of the past shall measure any limit of our possibilities. We anticipate the renewed confidence of those whom we have served in the past and the joy of making many new friends. We extend to you at this time our most cordial invitation to make this bank your financial home for 1924, and, we hope, for many more years to come
